

Hi [Full Name],

The Sunshine Coast Motorcycle Club would like to welcome you to the second round of the Conondale Natural Terrain MX Series for 2025, being held at Conondale this Saturday (19/4/25) and Sunday (20/4/25).

We will be having a working bee on Friday to set up the track with pegs, whipper snip jumps etc. If anyone is available to help out, and with pack up on Sunday, your help will be greatly appreciated.

A copy of the race order, supp regs, and a copy of the self scrutineering form have been attached to this email.

SIGN ON

Sign on will be completed electronically, from 6:30am until 8:45am on Saturday, after presentation on Saturday afternoon and from 6:30am until 8:45am on Sunday morning. SCHEDULE

A schedule of events for the weekend has been attached; please make yourself familiar with it. Riders briefing will be held at the Control Tower at 8:45am on Saturday on Sunday. It is mandatory for all riders to attend, so please be there so that bikes can start on the track on time.

CAMPING

Please consider others when you are setting up your camping/pit site, as other riders will be looking for parking space. Camping is available on Friday night and Saturday night and is **\$10 per site**. If you have not paid during entry, you can pay this during sign on (card facilities available- if bringing cash please bring exact change). If you are camping at the track any fires **MUST** be in an appropriate fire container – there are to be no fires touching the ground, and no rocks surrounding any fires. Children must return to their campsite by 8:30pm and noise is to be kept to a minimum after this time. Generators must be turned off at 10:00pm and are not to be restarted until 5:30am.

SPARE BIKES AND CHANGE OF MACHINE

All spare bikes must be included in self scrutineering. If a change of machine (spare bike) is required during the event, **riders must request permission** from the Clerk of Course in writing prior to the start of the race the machine is required for. Bike change forms will be available at the Control Tower.

RIDER'S NUMBERS

Numbers must be clearly displayed on the rider's front plate, side plates, and rider's jersey/body armour (back). Please clean your numbers between races so officials can read bike numbers.

PIT BIKES

In the interest of safety, the club has had to make the decision to ban electric balance bikes, bicycles and pit bikes from the pits and track at all times.

Please respect all of our volunteers and officials helping to run our events, without all of their support we can't continue to operate – there's no excuse for abuse. We also ask that you respect our neighbours and local communities, we have had a number of issues with late night noises (bikes being ridden after curfew, illegal fireworks etc) that cannot continue. These kind of stunts put the club and our lease at risk – If you want to keep riding at our track in the future, please use your common sense and be courteous to everyone around you.

All riders please ensure that when you leave the venue that the area is rubbish free.

Tear offs and glass bottles are not permitted at this venue. Any tear offs found on riders' goggles will be confiscated. Roll off systems are encouraged.

A canteen run by the local Conondale P&C will be available; we appreciate your support to our local community. The Canteen will be open for breakfast and until late afternoon on Saturday, and from 7am for breakfast and lunch on Sunday.

If you have any questions you can contact me via [facebook](#), or phone 0402 585 472.

Thanks,

Alisha
